- Labs drawn for patient **1-2 months prior** to start of IVF cycle
(HIV I&II, HBsAg, HBcAb, HCV Ab)
- Labs drawn for significant other **1-2 months prior** to start of IVF
(HIV I&II, HBsAg, HBcAb, HCV Ab)
- IVF calendar received (usually the first appt. to schedule with Dr. Donahue)
 - appt. with Dr. Donahue
 - appt. needs to be scheduled **at least 1-2 months prior** to IVF cycle
- Trial transfer completed
 - appt. with Dr. Donahue
 - calendar & trial transfer may be scheduled together if one is “self-paid”
- Prescription sheet for medications received
 - Dr. Aziz, Freedom Drug company (cheaper prices on meds)
 - Check with your insurance company to see if they help pay for meds-- they may want you to attend a specific pharmacy!
- Semen analysis
 - Appt. w/ Sandi or Diane (embryologists) on Mon, Tues, Wed, Thurs.
Available every week **except** during our IVF week every month
 - Required if not done within the last 6 months
 - 2-5 days abstinence necessary prior to scheduled appt.
 - IUI's (intrauterine inseminations) are not equivalent to a complete sperm analysis
- Consents signed (*both husband and wife need to be present together*)
 - Appt. w/ Sandi or Diane (Mon, Tue, Wed, Thurs. only)
 - *****Consents/ Semen analysis/ Cryo (freezing sperm as a back-up) are usually scheduled in 1 appt. time (approx. 60 min) about 1 month prior to your actual IVF cycle. Our nurse will review meds at this time. Please call with any questions!**
- IVF payment due in full** or submitted to insurance the **day of consents**
- Patient and significant other understand calendar and medications

☺ Please call Molly (North office nurse) or Sherrie(South office nurse)
for any questions related to IVF during our regular business hours.
The office pager is to be used for emergency calls outside of office hours- Thank you!
